## New NEET Model Exam Paper Pattern 2026

The [NEET UG 2026 exam](#) will follow the pre-COVID pattern. It will have 180 compulsory questions – 45 each in physics and chemistry and 90 in biology – with no optional questions. The exam duration will be 3 hours. Optional questions and extra time given during COVID are removed. Students should check the official NTA website for updates. Check out the table below for a better understanding of the latest changes in the [NEET UG exam pattern 2026](#):

Category	Details
Exam Name	NEET (UG) 2026
Conducted By	National Testing Agency (NTA) on behalf of National Medical Commission
Question Paper Pattern	180 compulsory questions (No optional questions)

<b>Subject-wise Questions</b>	Physics: 45 Chemistry: 45 Biology: 90
<b>Section B</b>	Removed (No longer part of the exam)
<b>Exam Duration</b>	180 minutes (3 hours)
<b>COVID Changes</b>	Optional questions and extra time introduced during COVID are now removed
<b>Official Website</b>	<a href="https://neet.nta.nic.in">https://neet.nta.nic.in</a>

<b>Email</b>	<a href="mailto:neetug2026@nta.ac.in">neetug2026@nta.ac.in</a>

## NEET Important Chapters 2026

There are certain topics which have high weightage as compared to others. It does not mean that one can qualify the examination only by going through these topics only. NEET paper is not certain and can vary, thus, it is better to revise all topics including the ones mentioned below:

### NEET Important Chapters Biology 2026

NTA does not release any such information for important chapters on biology, physics or chemistry. It just provides the [subject-wise NEET syllabus](#) which needs to be followed for the exam. But, as per the previous trends and analysis of NEET question papers, more questions are asked from Human Physiology, [Genetics & Evolution](#), and Diversity of Living Organisms as compared to other topics.

---

Chapter Number	Chapter Name
1	The Living World
2	Biological Classification
3	Plant Kingdom
4	Animal Kingdom
5	Morphology of Flowering Plants
6	Anatomy of Flowering Plants
7	Structural Organisation in Animals (Animal Tissue)
8	Cell: The Unit of Life
9	Biomolecules
10	Cell Cycle and Division
11	Photosynthesis in Higher Plants
12	Respiration in Plants

### NEET Important Chapters Chemistry 2026

You must go through the whole syllabus properly but prioritise [Chemical Bonding](#), [Thermodynamics](#), Organic Chemistry (especially Alcohols, Phenols, and Ethers), and Coordination Compounds as these topics tend to form more questions. It is not a valid claim shared by NTA. It is just a prediction based on previous year papers.

### NEET Important Chapters Physics 2026

You must revise the topics from Mechanics, Electrostatics, Current Electricity, [Optics](#), and Modern Physics. Physics portion comprises 45 questions and majorly are from these topics. Do not leave the other units untouched as all have their specific importance.
